Subject: Preparing for Stakeholder Feedback | SSM HLD

Good Morning,

The draft High Level Design (HLD) for the Single Schedule Market (SSM) was released on September 27, 2018. Feedback on the SSM HLD is being requested by November 22, 2018. As stakeholders are working their way through the document, and preparing both their feedback and questions on the content of the HLD, the IESO is supporting that stakeholder review process in three distinct ways:

- i. Hosting a SSM HLD Q&A webinar on **November 2, from 10:00am-12:00pm**. You can register to participate now by email: engagement@ieso.ca
- ii. Education and Awareness sessions to take place between **November 20 and December 11** (dates/times released shortly)
- iii. Providing stakeholders with a feedback form to assist in compiling and organizing comments to the design elements of the SSM HLD (available for direct download [here](#)).

The feedback form has also been posted to the [SSM engagement](#) webpage for your convenience. The intention of the feedback form is to coordinate input into specific design elements in order to ensure finalizing the HLD aligns with stakeholder questions and concerns that may exist.

If you have any questions, please do not hesitate to contact me.

Thank you – Jason Grbavac

As a reminder, a few key next steps for the MRP Energy stream are:

November 2 | Question and Answer webinar
November 22 | Deadline for feedback on the SSM HLD
November 20 - December 11 | Education & Awareness sessions (specific dates TBA)
December 31 | Release of DAM & ERUC HLD
