Subject: Webinar - Enabling System Flexibility

The IESO is inviting all interested parties to a 1 hour webinar on April 20 at 10 am to discuss relevant updates on the Enabling System Flexibility engagement initiative. During this session, the IESO will review the recent changes to the system flexibility initiative as well as the process to announce and schedule additional operating reserve requirements for flexibility.

For more information on the engagement activity to date, please visit the [Enabling System Flexibility](#) engagement webpage.

Stakeholders interested in participating in the webinar are asked to register via email with engagement@ieso.ca.

Regards,
IESO Engagement
