Subject: Feedback Requested for Stage II of the Industrial Accelerator Program Enhancements

Thank you for continued interest and participation in the Industrial Accelerator Program (IAP) Design Enhancements stakeholder engagement initiative.

Earlier this month, the IESO posted the feedback and responses for the proposed IAP design enhancements in the first stage of this engagement and is now seeking feedback on the second stage. Full details can be found at <http://www.ieso.ca/Pages/Participate/Stakeholder-Engagement/Industrial-Accelerator-Program-Design-Enhancements.aspx>.

For this second stage, the IESO invites feedback on the language of the contracts in the Process and Systems stream of the IAP to ensure any barriers to third-party financing arrangements are removed and to ensure the contracts are more customer-friendly – specifically in the following areas:

- Are there elements of the language in the contract(s) that are barriers to your company's participation in the program?
- Are there elements of the contract that are no longer needed, or are unnecessary?
- Are there elements that are unclear to customers what the IESO is trying to achieve through that provision?
- Any additional feedback

Please review the following three contracts now posted on the [IAP Design Enhancements webpage](#) and submit any feedback by July 10 to stakeholder.engagement@ieso.ca :

- [IAP - Detailed Engineering Study Funding Contract](#)
- [IAP - Preliminary Engineering Study Funding Contract](#)
- [IAP – Process and Systems Initiative; Project Incentive Contract](#)

The IESO will respond to stakeholders to illustrate how that feedback was used and present a revised contract in late summer/early fall. Any customers that engaged the IESO in a contract between June 23, 2015 and the date the revised contract is finalized will have a one-time opportunity to switch their contract over to the new contract language by working with their Business Manager.

Please email stakeholder.engagement@ieso.ca if you have any questions.

Thank you - Susan Harrison
IESO Stakeholder Engagement

This email is being sent to all stakeholders involved in the Industrial Accelerator Program Design Enhancements stakeholder engagement initiative.
