IAP Stakeholders,

The IAP Team at the IESO would like to take this opportunity to begin a discussion with the IAP stakeholder community regarding a modified payment process of the IAP - to transition from an accounts payables process to a market invoice settlement process.

As there is an active stakeholder initiative and webpage still underway with IESO and stakeholders, it makes sense to utilize that webpage and process to conduct this review as well. To begin a review with IAP stakeholders on this topic, the IESO would like to invite all interested stakeholders to a webinar on **Thursday, February 2, 2017** from 10:00 – 10:45 a.m.

If you or others in your organization would like to participate in this webinar, we ask that you please register with the IESO via [engagement@ieso.ca](mailto:engagement@ieso.ca) to receive the webinar details.

Note: The presentation for the upcoming webinar will be posted next week on the IAP stakeholder engagement page which can be found by clicking [here](#).
