

# Market Renewal Stakeholder Meeting

<b>Date:</b> 19 December 2016	<b>Time:</b> 8:30 am to 5:00 pm
<b>Location</b>	Toronto Congress Centre, 650 Dixon Road Donald Sutherland Rooms (South Building)
<b>Meeting Sponsor</b>	Barbara Ellard, Director, Markets
<b>Meeting Facilitator:</b>	Ryan King, Senior Advisor, Stakeholder Relations

Time	Agenda Item
8:30 am	Introduction and Review of Agenda
8:35 am	<b>Session 1: Update on the context and the status of the project</b> In this session, the IESO will provide stakeholders with a recap of the context for the Market Renewal project and an update on project status.
9:05 am	<b>Session 2: Estimating the potential benefits of reforms to the energy market, and for improved operability and flexibility, including considerations for existing long-term contracts</b> In this session, the Brattle Group will review the approach for estimating the benefits from energy market reforms and improving operability and system flexibility. Then members of each table will be asked to provide feedback on methodology and other related questions. Each team will return with a set of informative discussion messages for the larger group.
10:50 am	<b>Break</b>
11:00 am	<b>Session 3: Review of teams' feedback</b> Each table will have a spokesperson to present the main takeaways of the discussions from their table. Feedback will be gathered and documented.
12:00 noon	<b>Pick up lunch (and continue with a working lunch)</b>
12:30 pm	<b>Session 4: Estimating potential benefits from the capacity work stream</b> In this session, the Brattle Group will review the approach for estimating benefits associated with resource adequacy and implementing a centralized capacity auction. As with the prior session, each table or team will discuss the areas that could be further clarified or improved.

Time	Agenda Item
1:50 pm	<p><b>Session 5: Review of teams' feedback</b>            Each table will have a spokesperson to present the main takeaways of the discussions from their table. Feedback will be gathered and documented.</p>
2:45 pm	<p><b>Break</b></p>
3:00 pm	<p><b>Session 6: Discuss costs of implementation</b>            In this session, the Brattle Group will review the estimated costs of implementation and conduct a facilitated discussion with the full group. The goal is to document areas of costs that are difficult to estimate but nevertheless deserve attention.</p>
3:45 pm	<p><b>Session 7: Putting together the estimated benefits and costs</b>            In this session, the Brattle Group will put together the benefits and costs that have been discussed throughout the day and present them as initial findings.</p>
4:20 pm	<p><b>Session 8: Wrap up, feedback, and discuss next steps.</b>            The IESO will discuss how to follow up with stakeholders, particularly regarding areas for improvements that have been identified throughout the day and will provide an overview of next steps for the project.</p>
5:00 pm	<p><b>Adjourn</b></p>
