Subject: Request for Feedback by August 6 - Provincial Energy Manager Program

On July 24, the IESO held adjacent webinars on two proposed streams of the Provincial Energy Manager Program which attracted nearly 120 participants across various businesses and organizations engaged with the energy sector in Ontario. One of the main objectives of the webinars was to invite input on proposed design elements of the Provincial Energy Manager Program through the launch of a stakeholder engagement initiative managed by the IESO.

Please be advised that the meeting notes from the webinars, which include a summary of the questions and answers asked during the call, will be available shortly on the Provincial Energy Manager Program webpage at <http://www.ieso.ca/Pages/Participate/Stakeholder-Engagement/Provincial-Energy-Manager-Program-Development.aspx> where the two presentations can be found.

The IESO welcomes your comments and provides the following questions for consideration to help guide your feedback for each stream of this initiative (please feel free to provide comments and feedback outside of these questions).

Sector-Based Energy Managers:

- What additional criteria should IESO consider in evaluating proposals for sector based resources?
- How should performance of sector based resources be evaluated and compensated?

Multi-Distributor Customer Energy Managers:

- What additional criteria should IESO consider in providing funding for MDC energy managers?
- Will the proposed funding model encourage your company to find additional energy savings?
- Does the proposed funding model properly incent your company to adopt structured energy management practices?

Please submit your feedback by email to stakeholder.engagement@ieso.ca by **August 6** with reference to the Provincial Energy Managers Program in the subject line.

The IESO will aggregate your comments along with the IESO's response on how feedback was considered to shape the outcome. This response will be posted on the Provincial Energy Managers Program webpage by mid-August.

Thank you for your interest and participation in this initiative.

Regards – Jason Grbavac
