At the May 16 meeting, the IESO presented proposed analysis to be used in the initial phase of the Transmission Rights Market Review (SE-110). Your feedback on the analysis is important to ensure that a review appropriately determines if the current confidence level and stabilization design of the Transmission Rights Market has achieved the intended benefits.

**Feedback on the proposed analysis is requested by tomorrow - May 23.** Please consider the questions outlined on page 3 of the [proposed analysis](#) paper to assist you in providing your feedback. The [presentation](#) material can also be found on the SE-110 web page located here - [http://www.ieso.ca/imoweb/consult/consult\\_se110.asp](http://www.ieso.ca/imoweb/consult/consult_se110.asp) .
