**Subject:** Update - MDD Market Trials

As per the initial schedule, the Meter Data Distribution Market Trials will end on Friday May 8, 2015. On this day we will only be publishing reports based on key trade dates (v1, v2, v3) and ad-hoc requests submitted before or on Thu May 7, 2015. On Fri May 8 we will force publishing all the reports for ad-hoc requests beyond 36 days which are normally published by end of day on Sunday May 10, 2015.

Please note that **last day for submitting ad-hoc requests is Thu May 7, 2015.**

After May 8, the Sandbox Online IESO and IESO Reports Site will be available to participants to retrieve reports published during the market trials , however, no new reports will be published. All existing reports published on IESO Reports Site by May 8, 2015 will be available to the participants 45 days after the published date.
