

INSTRUCTIONS: APPLICANT DECLARATION (NATURAL PERSON)

Capitalized terms not defined in this form have the meanings provided to them in the microFIT Rules, Version 4.1

EXPLANATION AND PURPOSE

Why am I making a Declaration?

The purpose of this Applicant Declaration is to provide the IESO with evidence that an Application is being submitted by the Applicant directly, and without a “Representative” (a representative of the Applicant who is authorized by you to complete and submit an application and manage the application process on your behalf). This information provides the IESO with important confirmation about who it is communicating and contracting with and also protects the Applicants from third parties that may try to act in the Applicant's name.

How does the Applicant Declaration Help?

The IESO requires that the Applicant have the Applicant Declaration commissioned by a Notary Public or Commissioner for Taking Affidavits. This has the same legal effect as swearing a statement under oath; knowingly making a false declaration is a criminal offence. A Notary Public or Commissioner for Taking Affidavits is required to confirm your identity and confirm that you have made the declarations contained in this form. They must witness you signing the declaration.

I have authorized a third party to submit the application on my behalf. Can they submit this Applicant Declaration for me?

An Applicant Declaration can only be made by the Applicant named in the Applicant Declaration. If you have a Representative who will submit your application on your behalf you may not use this declaration form. If you would like to authorize a Representative to submit your application and interact with the IESO on your behalf, you must submit the *Representative and Applicant Declarations Package* available here: <http://microfit.powerauthority.on.ca/microfit-program-resources/version-4-documents>
