

**March 21, 2019 | 8:00 a.m. to 3:30 p.m.**  
**Kingston, Ontario**

---

### Registration and Networking Breakfast

**8:00 a.m.**

---

### Welcome and Greetings

**9:00 a.m.**

Deborah Whale, Director, IESO Board of Directors  
Chief Don Maracle, Mohawks of the Bay of Quinte

---

### Keynote Address

**9:15 a.m.**

Michael Lyle, Vice President, Legal Resources and Corporate Governance, IESO

---

### Energy Awareness and Education

**9:30 a.m.**

Christian Tham, Municipal Energy Specialist, Local Authority Services

*Learn how different municipalities have used behavioural and operational training to motivate people to save energy ... and achieve savings for their community.*

---

### Local Spotlights

**9:50 a.m.**

Beth Sills, Major Capital Project Manager, St. Lawrence College

*Through research, education and innovative thinking, the staff and students at St. Lawrence College are building a sustainable future for the college and the communities that they serve. Hear about how the College's approach to sustainability and climate change translates into action to reduce GHG emissions and improved the overall building conditions and experience for students and staff.*

Benoit Dionne, Plant Manager, Cascades Containerboard Packaging

*Cascades Inc., leader in recovery and in the manufacturing of green packaging. Long before sustainable development became fashionable, Cascades was putting it into practice instinctively. Learn how Energy and Energy Efficiency is one of Cascades' top corporate sustainable development priorities and the value of employing a dedicated energy manager to meet their long term energy reduction goals at their Trenton*

---

### Break

**10:30 a.m.**

# IESO Regional Electricity Forum Agenda - Continued

## **Integrating Local Planning Initiatives**

**10:45 a.m.**

Jim Keech, President & CEO, Utilities Kingston

*Learn how this local distribution company is preparing to support local evolving customer needs.*

---

## **Aligning Regional and Local Energy Planning – Panel Discussion**

**11:05 a.m.**

*Planning for electricity takes into account many economic and social aspects both at a regional and local level. New technologies, community growth and infrastructure needs play a key role in a changing landscape. This panel discusses specific electricity planning needs and processes with an opportunity to explore elements to better align planning on local, regional and provincial levels.*

- Carrie Aloussis, Senior Manager, Customer, Stakeholder & Community Engagement , IESO (Moderator)
  - Bob Chow, Director, Transmission Planning, IESO
  - Mike Fletcher, Planning, City of Ottawa
  - Mike Jacobs, Managing Director, Cambium Aboriginal
- 

## **Lunch and Networking**

**12:15 p.m.**

---

## **Planning to Meet the Needs of Ontario's Electricity System**

**1:15 p.m.**

Chuck Farmer, Director, Resource Planning, IESO

*The IESO plans the electricity needs for the province – both the resources needed, as well as the infrastructure. In this section of the agenda, the IESO will provide an overview of how it currently looks at existing and potential resources for planning Ontario's electricity system, as well as seek input and perspectives on what is needed to inform future energy planning.*

## **Connected Communities**

**1:45 p.m.**

*Participate in discussions on community-based approaches to meeting electricity needs in Ontario's eastern region. The feedback will be collected and will form part of the IESO's province-wide report on the challenges and opportunities that communities face in planning their electricity needs.*

## **Connected Communities: Report Back**

**2:45 p.m.**

*Share insights and discoveries*

---

## **Closing Remarks - Continuing the Dialogue**

**3:15 p.m.**

Susan Harrison, Supervisor, Regional and Community Engagement, IESO

*IESO plans for future dialogue/discussions and a summary of key observations and themes emerging from the 2018/2019 series of forums.*

---

## **Adjournment**

**3:30 p.m.**

---
