Subject: FW: MR-00437 Technical Panel Questions Update
Attachments: Update to Enel X Question #1.pdf

Technical Panel,

Please see the following email and attachment, which we received from Resolute this afternoon and were asked to forward to the panel by today for your information. Although the IESO is still reviewing the attached document, please note that it does not agree with Resolute's characterization of IESO staff's conduct nor some of the correspondence referred to therein. The IESO will address any questions you may have about the attached correspondence between Resolute and IESO at the Technical Panel meeting on April 16.

Let me know if you have any questions.

Thanks - Jason

CAUTION: This email originated from outside of the organization. Exercise caution when clicking on links or opening attachments even if you recognize the sender.

Jason, in response to Enel X Question 1, Resolute provided e-mail correspondence with IESO staff up to that date respecting Resolute's revised proposed amendment to the Market Rule Submission. An update of that correspondence is attached. Please provide it to the Technical Panel.
