DRWG Members,

In order to help members prepare feedback regarding the 2017 work plan priorities and evaluation that was discussed at the January 31 meeting, please find attached a short deck that contains the agreed upon DR goals and evaluation criteria of the various priorities raised by this working group.

The IESO is requesting that members review the list of priorities in the attached deck, and with the criteria and DR goals in mind, prioritize the items of focus for this working group in 2017 and beyond. There is not a prescribed format or template to apply to this prioritization; furthermore, please feel free in addition to the review of the priorities themselves to also consider feedback with respect to the actual DR goals and/or criteria that encompass this process if you have any additional thoughts from the last meeting.

Also, as a reminder, the requested deadline for feedback is **February 15** to allow us to plan for the next meeting in early March. Please send all questions or feedback to engagement@ieso.ca.

With respect to future meeting dates, the proposed dates at the previous meeting will also change slightly as we have since received feedback that a couple of them conflict with other DRWG member initiatives. We will share a final list of DRWG 2017 meeting dates after the February 15 deadline to allow for any further feedback on the dates themselves. Note: the following were the initially proposed DRWG meeting dates: *March 8, April 4, May 30, September 12, November 14.*

Please let us know if you have any questions. We look forward to your feedback by next Wednesday, February 15.

Thanks, Jason
IESO Engagement
