

Demand Response Working Group – *Feedback Form*

Meeting Date: February 12, 2019

Date Submitted: <i>2019/03/15</i>	Feedback provided by (optional): Company Name: <u>ecobee</u> Contact Name: <u>Peter Black</u> Phone: _____ Email: _____
--	--

Following the February 12th meeting of the Demand Response Working Group (DRWG), the Independent Electricity System Operator (IESO) is seeking feedback from participants on questions posed during the presentation.

The presentation can be accessed from the DRWG engagement [webpage](#).

Please provide feedback by March 20th, 2019 to engagement@ieso.ca. To promote transparency, this feedback will be posted on the DRWG engagement webpage unless otherwise requested by the sender.

Section	Question/Topic	Stakeholder Feedback
<p>Metering: DR Measurement Data Audit Process and Data Acquisition</p>	<ul style="list-style-type: none"> • Submission of timely and accurate measurement data • Options to improve the efficiency and effectiveness of the DR audit process • Use of KYZ Pulses as alternate means of data collection 	<ul style="list-style-type: none"> - Recommend that meter data be allowed to be submitted as aggregated

Other Comments/Feedback:

- Given that residential loads are weather sensitive we recommend that DR testing days to occur during like weather days to DR event days
- Special consideration should be given as to the source of the capacity from an emissions perspective. This has both environmental impact but also allowing generation capacity inhibits newer, innovative, cleaner sources of capacity into the market.
