**To:** IESO Engagement  
**Subject:** Next NER-SC Meeting January 22

As discussed at the last meeting, the next Non-Emitting Resource Subcommittee meeting will take place from **9am-4pm** on **January 22<sup>nd</sup>**. During this meeting, the committee will engage in a discussion on Market Renewal and the design elements that may of particular interest/impact to NERs as well as updates in other areas. The committee will also have further discussion on NER participation in other markets, trends and challenges. In addition, there will be a NER member presentation on the Climate Driven Energy Economy 2040 (CDEE2040) Network currently being developed including its purpose and scope of work.

NER-SC members interested in participating in this session can contact [engagement@ieso.ca](mailto:engagement@ieso.ca) for further details and to register.

Regards,  
IESO Engagement
