Subject: NERSC Engagement Update

Good Afternoon,

Please find below important updates to the next Non Emitting Resource Subcommittee meeting.

As originally communicated to stakeholders via e-mail below, the IESO will be hosting the next NERSC meeting on July 24 in Toronto (Vantage Venues - Garden Hall 16th floor, 150 King Street West). There has been a slight change to the meeting duration to ensure that the planned meeting agenda and objectives can be covered.

Also, as noted in the agenda below there will be an RFI Phase I summary. Documents relating to the Non Emitting Resource RFI can be found [here](#).

For those who registered for the initial meeting time ending at noon, we will maintain your registration for this modified time. If something has changed, please let us know. For those who have not yet registered, please do so by emailing IESO Engagement at engagement@ieso.ca.

Thank you – Jason

The next NERSC meeting will take place the morning of **July 24** from approximately **8:30 a.m. to 12:00 p.m.** The meeting agenda will be distributed shortly.

To attend this meeting in-person or via webcast, please register with IESO Engagement at engagement@ieso.ca.

A reminder that there is not a NERSC meeting in June – that meeting was postponed and re-scheduled to this July 24 date.

Thank you – Jason
