In the event of any conflict or inconsistency between the information contained in this presentation and the Market Rules, the Market Manuals, any IESO contract or any applicable legislation or regulation, the provisions of the Market Rules, Market Manuals, contract, legislation or regulation, as applicable, govern.

Purpose

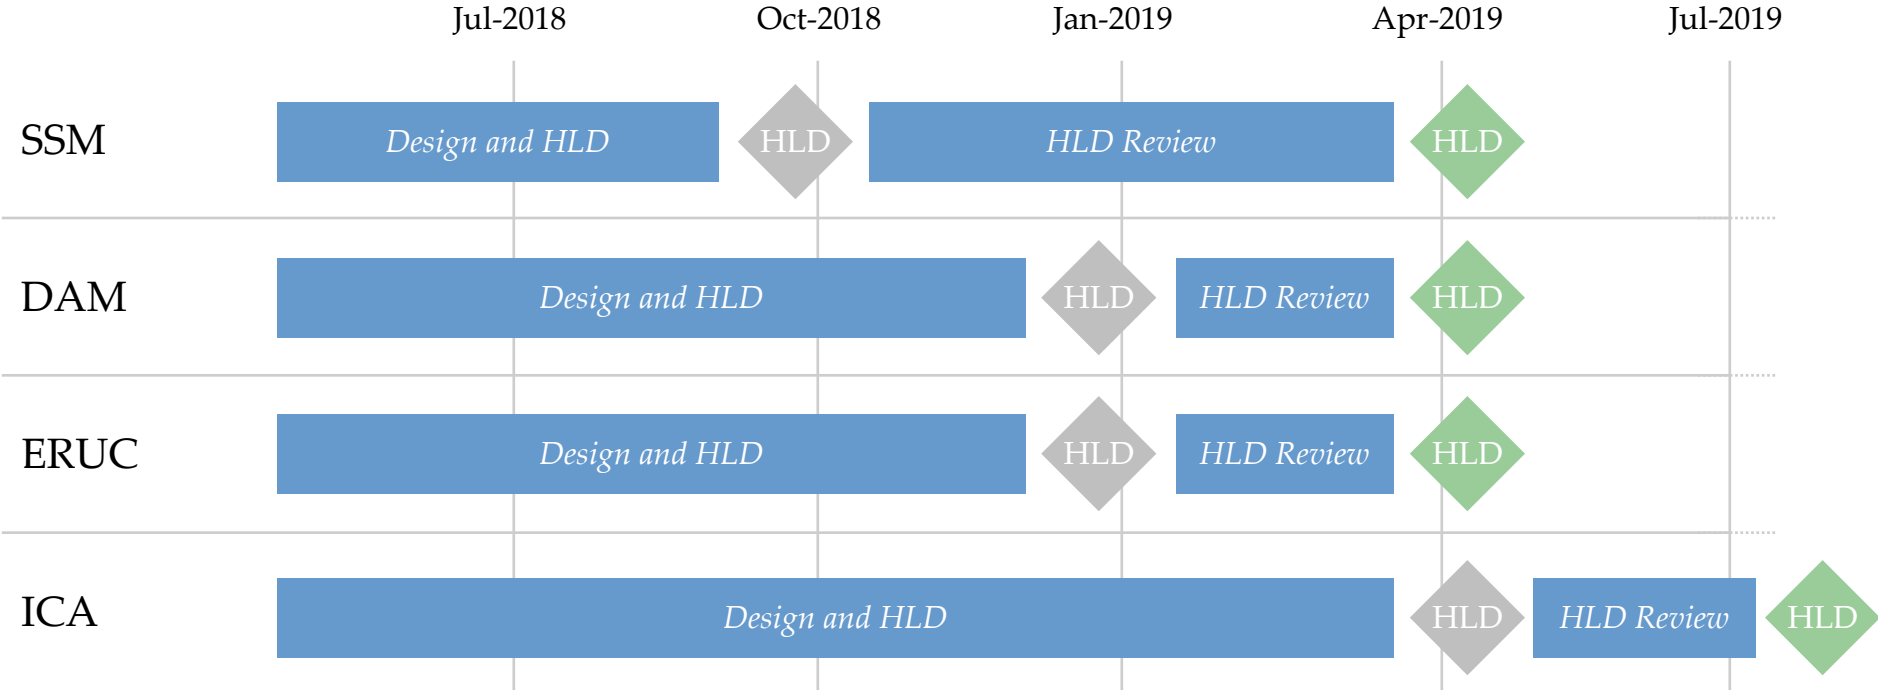

- The main focus of the day will be to present the 5 modelling scenarios developed at the July NERSC meeting, and to further refine these scenarios together with stakeholders

Agenda

- 10:00 am** – Welcome and update on High Level Design (HLD) review process for Energy work stream
- 10:15 am** – Overview of the Energy Storage Advisory Group
- 10:30 am** – Discussion of proposed modelling scenarios – to be presented by The Brattle Group
- 12:00 pm** – Adjourn

HLD Timeline and Energy Work Stream Review Process

Energy and Capacity Timelines

 = DRAFT HLD published
  = HLD final

Energy HLD Review Process

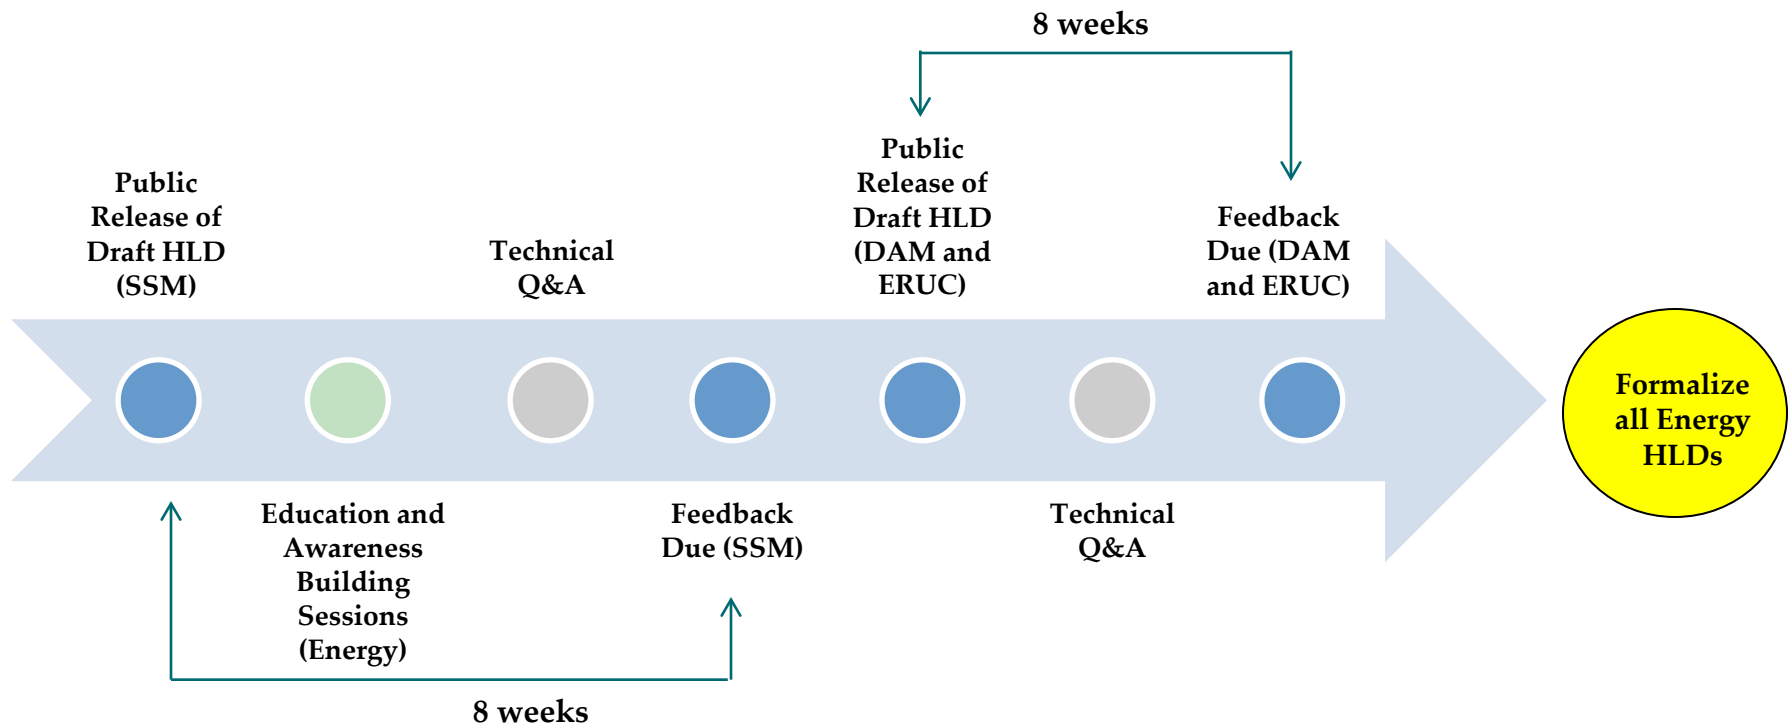

Key aspects of the Energy HLD Review Process will include:

- 1 8 week review period
- 2 Q&A session to be provided mid review period
- 3 3 energy HLDs finalized at the same time
- 4 Feedback on each HLD is encouraged

Education and Awareness Building

- To aid stakeholders in reviewing the HLDs, the IESO will also provide a series of education sessions
- Sessions will be offered to a number of resource types and will provide a holistic view of what the HLDs mean for them
- The focus will be on stakeholders who have not been deeply involved in stakeholdering to date
- Attendees will gain a practical understanding of what is included in the HLDs and will be prepared for the QA sessions and for submitting feedback on the HLDs

Summary of Energy HLD Review Period

Education and Awareness Building

- In-person information session
- Holistic walk-through of Energy HLDs
- Focus on informing and educating on the content in the HLDs

Technical Q&A

- Technical forum held 4 weeks after publication of the HLDs to answer technical questions
- Purpose is to assist stakeholders in developing feedback

- Placeholder -
**An Overview of the Energy Storage
Advisory Group**

Next Steps

- Stakeholders are invited to provide written feedback on the modelling scenarios by August 30
 - Please send feedback to engagement@ieso.ca
- Depending on the level of stakeholder feedback, the NERSC may schedule a follow up webinar for mid September
- The next in-person NERSC meeting will be held in late September/early October (TBD based on level of feedback)
 - The purpose of the next meeting is to share the preliminary results of the modelling exercise with stakeholders
