Non-Emitting Resource Subcommittee (NERSC) members,

The IESO is hosting the next NERSC meeting on **Friday, November 30** in downtown Toronto from **9:00am to 4:00pm**. The session may end earlier than 4:00pm; however, in the event the discussion requires the full afternoon, we have this time reserved.

There are three main objectives of the next meeting on November 30:

- 1) Provide members with an update on the NERSC terms of reference
- 2) Present the preliminary results of the modelling exercise
- 3) Provide a look at the potential market efficiency impacts of negative pricing

Please note, if you have any additional items to be added to the agenda, please let us know.

To register for the meeting, or for any questions, please contact IESO Engagement at [engagement@ieso.ca](mailto:engagement@ieso.ca).

Thank you – Jason Grbavac
