Subject: August 16 | NERSC and ESAG Meetings

NERSC Members,

The IESO would like to thank those who participated in the last NERSC meeting where important ground work was completed on the scenarios for the future market modelling exercise. As we plan for our next meeting on August 16, please find below a general breakdown of the agenda topics to help you prepare for the meeting as well as request that all participants register for the meeting.

To register for the August 16 NERSC, or if you have any other questions, please email engagement@ieso.ca

Thank you – Jason Grbavac
IESO Engagement

Non-Emitting Resource Subcommittee Meeting

Date and time:

August 16 from 10 a.m. – 12 p.m.

Location:

[Vantage Venues](#) – St. Andrew’s Hall 27th floor
150 King Street West, Floor (Northeast corner of King & University)
Toronto, ON M5H 1J9

Agenda:

10:00 – Update on high level design review process for the Energy work stream
10:15 – Overview of the Energy Storage Advisory Group (ESAG)
10:30 – Discussion of proposed modelling scenarios – to be presented by The Brattle Group
12:00* – Adjourn

*Please note that there will be lunch available to commence the Energy Storage meeting (below). NERSC participants are welcome to help themselves to lunch either before leaving for the day or of course for those planning on staying for ESAG.

Energy Storage Advisory Group (ESAG) Meeting

As a related aside, please note that the Energy Storage Advisory Group (ESAG) meeting will take place immediately following the NERSC meeting in the same venue. The Agenda for the ESAG has now been posted to that engagement page and can be reviewed [here](#) for your convenience.

If you are interested in staying for that meeting, please register with engagement@ieso.ca as well to ensure that the room is prepared for the number of participants for the remainder of the day.

Thank you,
Jason - IESO Engagement
