

Rob Coulbeck

Mr. Coulbeck as VP of Energy Management is responsible for the commercial operations of Goreway Power Station. The Goreway Energy Management group optimizes natural gas supply, transportation and storage contracts while managing their CES contract obligations and participation in the IESO, NYIOS and MISO wholesale markets. He has over 30 years of electricity industry experience with a strong focus in ISO/RTO Wholesale Electricity Markets, power grid management, generation portfolio optimization, energy trading and demand-side management.
