

Ontario Climate Consortium

The OCC was established in 2011 as a centre of expertise providing research and analysis services to municipalities, conservation authorities, and the broader public sector.

Secretariat (hosted by TRCA):

- Christine Tu, Manager
- Glenn Milner, Project Manager
- Ian McVey, Project Manager
- Frances Delaney, Analyst
- Jenessa Doherty, Coordinator Communications and Engagement

Collaborations

Building Municipal Capacity

Challenge 2

Examples of our engagement in the electricity sector

- Neighbourhood-based engagement on home energy efficiency retrofits (Caledon)
- Mapping renewable energy resources (York and Peel Regions)
- On the Path to Net zero communities in Ontario
- Evaluating energy investment in the social housing sector
