Re: MR-00429: Minor Amendment Omnibus 2017

Attached for Technical Panel review and consideration is market rule amendment proposal MR-00429-R00.

The IESO proposes a number of minor amendments to the market rules. These amendments correct cross-references, remove redundancy and clarify procedures related to the de-registration of registered facilities. The amendments relate to a number of different areas of the market rules, and for efficiency, have been submitted as a single “omnibus” package.

At its meeting on February 14, 2017, the Technical Panel agreed to post MR-00429-R00 for stakeholder review and comment for a period of two weeks, ending March 2, 2017. No stakeholder comments were received during that posting period.

There have been no changes to the amendment proposal since the Panel’s last review.

## **Panel Decision Required**

The IESO recommends that the Technical Panel vote to recommend MR-00429-R00 to the IESO Board for consideration at its meeting on April 12, 2017. The recommended effective date is May 5, 2017.

Yours truly,  
Josh Duru
