Re: MR-00434: Settlements – Regulation Based Settlement – Deletion of Rural and Remote Settlement and Debt Retirement Charge

Attached for Technical Panel review and consideration are the following documents:

- Presentation;
- Market rule amendment submission MR-00434-Q00.

The IESO proposes amendments to the market rules to ensure consistency with respect to regulation based settlement. The proposed amendments will delete market rule references to rural and remote settlement and the debt retirement charge since these charges can be settled under Section 1.2.1 of Chapter 9, consistent with other regulation based settlement.

Recommendation – Warrants Consideration

The IESO recommends that the Technical Panel determine that the amendment submission warrants consideration as the changes create consistency within the market rules.

Recommendation – Priority

The IESO recommends that the Technical Panel assign a regular priority to the development of the suggested changes.

Panel Action and Next Steps

Pending the Technical Panel's determination that the amendment submission warrants consideration, the IESO expects to bring a draft of the amendment proposal to the Panel for review at the January 23, 2018 meeting. The target for IESO Board consideration of the amendment is April 11, 2018.
