PART 3 – EXPLANATION FOR PROPOSED AMENDMENT

Provide a brief description of the following:

- The reason for the proposed amendment and the impact on the *IESO-administered markets* if the amendment is not made.
- Alternative solutions considered.
- The proposed amendment, how the amendment addresses the above reason and impact of the proposed amendment on the *IESO-administered markets*.

Summary

The IESO proposes amendments to the market rules to ensure consistency with respect to regulated settlement. Regulated settlement is the determining, collecting and remitting of applicable settlement amounts in compliance with the relevant provisions of the Electricity Act, 1998; the Ontario Energy Board Act, 1998; and any related regulations. The proposed amendments will delete market rule references to rural and remote settlement and the debt retirement charge since these charges can be settled under Section 1.2.1 of Chapter 9, consistent with other regulated settlement charges.

Background

Discussion

Chapter 9

- For clarity, amend **section 1.1.2** to:
 - Add “but not limited to” in order to identify that the subsections under section 1.1.2 do not include a comprehensive list of financial obligations arising from the Electricity Act, 1998 and the Ontario Energy Board Act, 1998. While the preamble discusses the Electricity Act, 1998 and the Ontario Energy Board Act, 1998, the only regulated charges mentioned were rural rate protection and debt retirement charge. The list excluded all other regulated charges that are settled under the authority of section 1.2.1 of Chapter 9.
 - Add “and any related regulations” following the references to the Electricity Act, 1998 and the Ontario Energy Board Act, 1998. This change will create consistent language with section 1.2.1 which obligates the IESO to determine, collect and remit regulated settlement.

Delete References to RRRP and DRC:

Delete the following sections since all regulated settlement is enabled through section 1.2.1 of Chapter 9:

- Delete **subsection 1.1.2.10** related to rural and remote settlement (also known as rural rate protection, rural and remote rate protection, or RRRP). This section pertains to settlement amounts that may be prescribed pursuant to section 79 of the Ontario Energy Board Act, 1998 and associated regulations.
- Delete **subsection 1.1.2.13** related to the debt retirement charge (DRC). This section pertains to the charge referred to in subsections 85(4) and 85(5) of the Electricity Act, 1998 and associated regulations.
- Delete **section 4.4** which discusses the obligation to settle rural and remote settlement as a non-hourly settlement amount.

PART 3 – EXPLANATION FOR PROPOSED AMENDMENT

- Delete **section 4.6** which discusses the obligation to settle the debt retirement charge as a non-hourly settlement amount.

Chapter 11 - Definitions

Delete the definitions for **debt retirement charge** and **rural and remote settlement** since the proposed amendments in Chapter 9 remove all references of these settlement amounts from the market rules. Consistent with all regulated settlement, these settlement amounts are documented in the applicable market manuals.
