PART 3 – SUBMISSIONS IN SUPPORT OF EXEMPTION APPLICATION

Attach an exemption applicant's plan detailing:

- The manner and time within which the exemption applicant will become compliant;
- The manner in which the exemption applicant proposes to modify its equipment or facilities or otherwise conduct its operations during the period of time for which the exemption would be in effect; and
- The exemption applicant's estimate of any costs that may be imposed on the IMO or on other Market Participants, if the exemption were granted.

The following submissions must be included, either below or as attachments:

(a) For exemption applications submitted prior to market opening for facilities/equipment in operation before or on April 17, 2000 and relating to the technical requirements of Market Rules contained in Appendix 2.2 (other than those for participant workstations or dispatch workstations), Chapter 4 (other than Sections 6.1.5 to 6.1.21), or the technical requirements set forth in Section 12 of Chapter 5:

- The exemption applicant's assessment as to whether or not the exemption, if granted would materially:
 - ♦ impact the ability of the IMO to direct the operations and maintain the reliability of the IMO-controlled grid;
 - ♦ affect the ability of the IMO to operate the IMO-administered markets in an efficient, competitive and reliable manner.
- The exemption applicant's assessment of whether the cost or delay to the exemption applicant of complying with the obligation or standard to which the exemption application relates is reasonable, having regard to the nature of the obligation or standard, the nature of the exemption application and the anticipated impact of non-compliance by the exemption applicant in terms of the elements referred to above.

(b) Additionally, for all other exemption applications:

- The exemption applicant's assessment as to whether or not the exemption, if granted would materially:
 - ♦ impact the ability of the IMO to ensure non-discriminatory access to the IMO-controlled grid;
 - ♦ increase costs of market participants; or
 - ♦ increase costs of the IMO;
- An assessment of whether the exemption would, if granted, give the exemption applicant an undue preference in the IMO-administered markets;
- Where the exemption applicant is the IMO, identification of the benefit to Market Participants of compliance with the obligation or standard to which the exemption application relates relative to the financial and other resources required to achieve compliance within such deadlines as may be applicable;
- Where the exemption applicant is the IMO, the manner in which it proposes to operate the IMO-administered markets or direct the operations and maintain the reliability of the IMO-controlled grid during the period in which the exemption would be in effect;

PART 3 – SUBMISSIONS IN SUPPORT OF EXEMPTION APPLICATION

- Identification as to whether the facility or equipment that is the subject-matter of the exemption application:
 - ♦ was in service or was returned to service on the date on which the obligation or standard to which the exemption application relates came into force;
 - ♦ was ordered by the exemption applicant on or prior to the date on which the obligation or standard to which the exemption application relates came into force; or
 - ♦ was in the process of construction on or prior to the date on which the obligation or standard to which the exemption application relates came into force, and;
- An assessment of the capability of the owner of the facility to operate the facility consistent with the terms of the proposed exemption.
