¹ Peak performance factor applies.

² Aboriginal price adder and community price adder eligible as outlined in the posted FIT price schedule.

³ In the case of an incremental waterpower project, the incremental project, together with the existing generating facility to which it is incremental, cannot exceed 50 MW.

⁴ In the case of an incremental solar project, the incremental project together with the existing generating facility to which it is incremental cannot exceed 10 MW.

⁵ The percentage escalated will be applied to eligible renewable fuels as calculated in Exhibit B of the FIT contract.
