

Foundation Working Group Meeting #3 – Agenda

June 17, 2015

Date: Wednesday June 17, 2015

Time: 8:30 am – 3:15 pm

Location: Crowne Plaza Hotel, (Near Pearson Airport), Algonquin Room, 33 Carlson Court, Toronto, ON

Meeting Objectives: This is the third meeting of the Foundation Working Group. This meeting will build on the results of the last group discussion that established the minimum set of information needed to enable the further use of energy consumption data in the MDM/R for analysis. In this meeting, the discussion will focus on the structures and standards requirements that will allow this data to be submitted to and received by the MDM/R.

This meeting will also involve more detailed discussion around de-identification using practical examples in the context of a panel discussion. The objective of this discussion is to better understand how data was de-identified, disclosed and used to inform practical considerations for MDM/R third party access recommendations.
