Subject: Reports Site Refresh Project - Phase 2 now available in Sandbox
Attachments: IESO_Reports_API_Guide.pdf

Phase 2 of the Reports Site Refresh project has now been implemented in the Sandbox. Attached is the supporting documentation that describes the API and SFTP for automating the retrieval of confidential reports at <https://reports-sandbox2.ieso.ca/private>. This documentation will also be posted on the SE-RSR page at <http://www.ieso.ca/Pages/Participate/Stakeholder-Engagement/Working-Groups/Reports-Site-Refresh.aspx>.

Implementation of Phase 1 into production is slightly delayed and is expected to be released the week of April 20th.

Please submit any feedback you may have to stakeholder.engagement@ieso.ca.

Thanks – Karla
