Subject: Feedback Requested and Next Meeting - Outage Management Redesign (SE-109)
Attachments: SE109_Presentation_Oct_15_Final.pdf; SE109 Outage Management Redesign Requirements Summary_R2_Redlined.pdf

Thank you to those who participated in the October 15 meeting of the Outage Management Process Redesign. At this time, we are seeking feedback on the materials referenced at this meeting.

October 15 presentation material (attached for your quick reference) – Please provide feedback via email to stakeholder.engagement@ieso.ca by **Friday, October 24, 2014**. The following questions are meant to help guide your feedback, however, please feel free to comment on any aspect of the material.

1. Feedback on the final software design updates (Slides 7 to 11).
2. Security and Adequacy Reporting Proposals to Support Outage Planning Under the Redesigned Process (Slides 12 to 21), specifically:
 - Daily Adequacy Reporting Proposal
 - Weekly Adequacy Reporting Proposal
 - Quarterly Adequacy Reporting Proposal
 - Transmission Security Reporting Proposal
3. Outage Management Redesign Requirements Summary - In addition, please find attached the latest redlined version of the Outage Management Redesign Requirements Summary document. Feedback on this document is encouraged, especially from participants using an Application Programming Interface (API) to submit outage requests to the IESO.

Next Meeting – November 26 from 09:00 to 11:00 am. Please email stakeholder.engagement@ieso.ca to register to participate in person or via webex.

Please contact stakeholder.engagement@ieso.ca if you have any questions.

Thank you - Rick Romeo
