Subject: SE109-Next Outage Management Process Redesign Webinar - May 4, 2016

The next Outage Management Process Redesign meeting will be held by webinar on May 4th at 10am. This webinar has been scheduled for 1-hour to discuss the following:

- Progress Update
- Implementation of IOMS Station and Name Changes
- Revised public reports for transmission outages
- New Private reports for outage planning guidelines
- Next Steps

Please email engagement@ieso.ca to register or if you have any questions.

Regards – Rick Romeo
