---

As a follow up to the June 20 stakeholder meeting, attached please find an updated version of the Outage Management Redesign Proposal which was presented at the meeting for further comment. This Revised version has been posted to the [SE-109 web page](#) and was amended to add clarity to the following paragraphs:

- Page 6 - Near-Term Daily Process - last bullet under *Submission Requirements* section
- Page 10 – Second Bullet - IESO action - *Outages submitted after the deadline can still participate in the near-term process but with lower time-stamp precedence.*

As requested at the meeting, please **submit any further comments you have on the draft Redesign by July 5** by email to [stakeholder.engagement@ieso.ca](mailto:stakeholder.engagement@ieso.ca) .

Thank you for your continued participation. Details of the next meeting will be provided shortly.
