Subject: IESO Board Approves Market Rule Amendment on Outage Management Redesign

The IESO Board has approved market rule amendment MR-00404-R00: Outage Management Redesign http://ieso.ca/imoweb/pubs/mr2013/MR-00404-R00_BA.pdf which will take effect on February 5, 2014.

The interim Outage Management Redesign amendment is intended to:

- improve the outage management process and related services for market participants;
- maintain the IESO's reliability obligations related to both outage assessment timelines and processes.

This rule amendment is based on stakeholder consultation as part of SE-109 Outage Management Process Redesign. Further information on SE-109 can be found on the IESO website at http://www.ieso.ca/imoweb/consult/consult_se109.asp.

The market rule amendment was approved by the Board at its meeting on November 15, 2013.

If you have any questions, please contact IESO Customer Relations at customer.relations@ieso.ca or 1.888.448.7777

This notification is sent to all individuals with access to the online outage management tool.
