**Subject:** RE: Outage Management Redesign (SE-109): Next Meeting and Feedback Requested

Hi:

Here's my response to the items below on behalf of Gerdau, Whitby.

1. The validation is fine. Can the one day time limit for loads be extended?
2. This looks like a good solution for loads.
3. We have no issues with this.
4. We have no issues with this.

Please sign me up for the next meeting.

Thanks,

Dave Simmons P.Eng.

**Subject:** Outage Management Redesign (SE-109): Next Meeting and Feedback Requested

Thank you for your participation in our Outage Management Process Redesign meeting on July 3. This stakeholder meeting presented IESO's software design updates for consideration and feedback, along with a proposed data migration strategy. At this time, we ask that you review the presentation referenced at this meeting.

Please submit your feedback by email to [stakeholder.engagement@ieso.ca](mailto:stakeholder.engagement@ieso.ca) by next **Friday, July 11, 2014**. In order to help guide your feedback, we offer the following for consideration, however, please feel free to comment on any aspect.

1. Feedback on the proposed 1 Day Advance Approval Criteria Validation for the vendor solution ([Slides 10 - 12](#))
2. Feedback on the proposed Final Approval in Advance process and feature for the vendor solution ([Slides 14 - 15](#))
3. Feedback on proposed Conflict Checking feature for the vendor solution ([Slides 16 - 17](#)).

4. Feedback on the proposed migration strategy for historical, in progress and future outage requests ([Slide 18](#)). Please note that the timeframes presented in the slide deck assume an automatic approach to migration of outage requests. The IESO would not preclude any future outage requests from being manual migrated provided that the market participants are involved in the migration effort.

**Next Meeting – July 30** - Please note that the next meeting is scheduled for July 30 (9:00 – 11:00 am). Please contact [stakeholder.engagement@ieso.ca](mailto:stakeholder.engagement@ieso.ca) to register to participate in person or via webex.

If you have any questions, please email [stakeholder.engagement@ieso.ca](mailto:stakeholder.engagement@ieso.ca)

Thank you and regards, Rick
