Subject: Demand Response Working Group -Next Steps

Importance: High

The IESO was encouraged by the amount of interest from over thirty stakeholders for participation in the Demand Response Working Group (DRWG). The IESO has proposed an open working group format which will allow all interested stakeholders to participate as working group members. A membership list will be posted on the DRWG webpage shortly.

The first meeting for the new DRWG will take place **March 29** at the **Four Points Toronto Airport**; a conference call in will also be available. At this meeting, the IESO will review and discuss feedback received on the Terms of Reference and will outline the priority areas for DR evolution to be considered with the assistance of the DRWG. Members can contact engagement@ieso.ca for further details and to register.
