Subject: DRWG Planning Session Agenda

The IESO is finalizing the agenda for the DRWG planning session on November 30. For those members who asked to speak to certain priorities, we will allocate approximately 15 minutes each per member per topic. Slides are not necessary but if members do have any materials, please provide to engagement@ieso.ca by 3pm tomorrow to allow handouts to be printed. There will also be some 'open' time allocated in the agenda as an opportunity for members to bring forward any other issues they would like to see as priorities for DR for 2017 and beyond. The final agenda will be circulated shortly.

Regards,
IESO Engagement
