

Demand Response Working Group

Session Overview

- Update on DR3 Integration
- Updated Schedule for Market Rules
- Update from Pilots Sub-committee
- M&V Baseline
- DR Compliance
- High Level Auction Design

- DRWG will continue as a forum for discussion and learning and to provide comment and feedback on DR framework and design – transition, auction, pilots
- DR3 transition rules to Technical Panel
- Next session will be public session to update stakeholders on progress to date on key areas and seek feedback on pilots
- Launch a separate stakeholder engagement on DR auction

- IESO seeking feedback at different points within presentations
- Please send feedback to stakeholder.engagement@ieso.ca
- Please try to get feedback to us early as this will allow time to incorporate in advance of July public session
