On July 9, the IESO held its second Demand Response Public Information Session. The IESO is seeking feedback from stakeholders in the following three areas: Demand Response Auctions, Pilots and Transitional Market Rules. The following questions are aimed to help guide input in these areas, however other questions or comments related to any of the presentations from the session are also welcome.

Please submit your feedback by email by to stakeholder.engagement@ieso.ca or via online survey which can be accessed at the following link <https://www.surveymonkey.com/s/IESODR>.

Your feedback is important to us. Please submit comments by Friday, July 18.

Demand Response Stakeholder Questions:

DR Auctions

- How do you perceive the potential impacts of a DR Auction in your business? Are there barriers to participation that need to be addressed?
- The presentation outlined areas where input will be required. Are there other key areas of design to be considered within the stakeholder feedback scope?
- What stakeholders and/or stakeholder groups should be involved in this engagement that are not already participating?

Pilots

- Are the proposed pilot timelines appropriate to meet the expected learnings?
- Are the proposed program features appropriate to meet the expected learnings?
- Are the proposed enabling market rules and rule changes sufficient to allow for the proposed piloting?
- Are there other areas of the market rules that need to be considered?

Transitional Market Rules

- Are there any sections of the DR3 contract not mentioned in the July 9 presentation which should be included in the market rule amendment?

Other

- Any additional comments?

For more information or to obtain copies of the material presented at the July 9 meeting, visit the Demand Response Working Group webpage at - <http://ieso.ca/Pages/Participate/Stakeholder-Engagement/Working-Groups/Demand-Response-Working-Group.aspx>. **Note:** revised versions of the Pilots and Transitional Market Rules presentations have now been posted on the Working Group webpage and are attached to this email.

Q&A Document

Also attached for your information is a Q&A document that reflects some of the general and specific questions from stakeholders on Demand Response integration. This material will also be posted on the IESO DR Working Group webpage.
