

Proposed Questionnaire for the 2013 Technical Panel Self-Assessment

Panel members will be asked to respond to the statements below by selecting the answer that best describes their opinion of the statement. The answers will range on a scale from 1 to 5 as follows:

1. I strongly disagree
2. I disagree
3. I am neutral on this issue
4. I agree
5. I strongly agree

In addition, members will have an opportunity to add comments via the online survey tool to support their answer to each statement.

Statements:
Statement 1 All members of the Panel contribute adequately to the discussions and deliberations of the Panel.
Statement 2 I am satisfied that the Panel successfully balances the trade-off between timeliness and in-depth consideration of amendment proposals.
Statement 3 I am satisfied that Technical Panel members effectively balance the interests of their respective constituency and the interests of the IESO-administered markets and the IESO-controlled grid when considering market rule amendments.
Statement 4 The quality and timeliness of information provided to me in support of the Technical Panel's discussions meets my needs.
Statement 5 The educational or background information provided by IESO support staff is sufficient and meets my needs.
Statement 6 The Chair facilitates and manages the meetings appropriately.
Statement 7 The IESO representative contributes effectively to the meetings and is able to address questions that arise from discussions.
Statement 8 IESO support staff contribute effectively to the meetings and are able to address questions that arise from discussions.
