# Memorandum

To: Technical Panel  
From: Joshua Duru  
Date: October 28, 2013  
Re: MR-00412: Minor Amendment Omnibus 2014

Attached, for Technical Panel review and consideration are the following documents:

- Market rule amendment submission MR-00412-Q00 (document IESOTP 284-4b);
- Market rule amendment proposal MR-00412-R00 (document IESOTP 284-4c).

The IESO proposes a number of minor amendments to the market rules. These amendments correct typographical errors, cross-references, italicized defined terms, and other general amendments which are minor in nature. The amendments relate to a number of different areas of the market rules, and for efficiency, have been submitted as a single “omnibus” package.

## **Recommendation – Warrants Consideration**

The IESO recommends that the Technical Panel determine that the amendment submission warrants consideration as the changes meet the following criteria:

1. They identify errors within the market rules; and
2. They identify ambiguity or confusion within the market rules.

## **Recommendation – Priority**

The IESO recommends that the Technical Panel assign a regular priority to the development of the suggested changes.

## **Panel Decision Required**

Pending the Technical Panel’s determination that the amendment submission warrants consideration, and after incorporating any Technical Panel comments into the amendment proposal, the IESO recommends that the Panel agree to post MR-00412 for stakeholder

comment for a period of three weeks, ending on November 27, 2014. The target for IESO Board approval of the amendment is February 5, 2015.

Yours truly,

Joshua Duru
