Subject: SE-97 Comments - 3-Hour Ahead Pre-Dispatch Price Report

Hi Declan,

Thank you for providing the opportunity to comment on SE-97. My comments are regarding the 3-Hour Ahead Pre-Dispatch price report.

The market data proposal published on the SE-97 site indicates that this information is available through the Predispatch Market Price Report. Under normal circumstances that is correct; however, there are often times when the predispatch reports fail to publish due to IT or other issues at the IESO.

We have confirmed with the IESO customer relations department that predispatch reports are not reissued when they fail. This leaves frequent gaps in data. As far as we are aware, the 3-Hour Ahead Pre-Dispatch price report is the only place where we can get the complete set of data that we need. We retrieve this report through an automated process and use it regularly.

Please let me know if you would like to discuss this further.

Thank you,
Melanie
