

## Baseline Plan For Market Facing Documents Changing in Baseline: MRP Baseline Phase 2 - April 25, 2025

The documents described in the plan are drafts only, (with the exception of Market Rules) and are subject to change until final review and approval, typically on the Baseline publication date. The plan is updated anytime that documents are added or revised for the current baseline.

Category 1: For your Information.

Category 2: Participants should review these changes as an update to procedures may be required.

Category 3: Participants are advised to review, due to the potential impact of this change.

Changes to the baseline plan will be redlined and appears in 'Update to Baseline' section.

April 03, 2025

Document Title, ID#, Ver.	Intended Audience	Stakeholder History	Cat.	Description of Change
Capacity Auction				
Market Manual 0.12 – Capacity Auctions MAN-125 2.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> Changes were needed to update the renewed version of the market manual (0.12.0) with changes made to the legacy version of the market manual (12.0) and to implement further changes required since the publication of the renewed version of the market manual.</p> <p><b>Description of Change</b> Changes are made to update the renewed version with changes made to the legacy version. In addition, some changes made earlier have been reversed upon further consideration. Some cross references have been updated. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> There are no changes to processes or requirements due to the limited scope of changes made.</p>
Capacity Exports				

Document Title, ID#, Ver.	Intended Audience	Stakeholder History	Cat.	Description of Change
Market Manual 0.13.1- Capacity Export Requests MAN-168 1.0	All	Posted for stakeholder review on March 31, 2025.	3	<p><b>Reason For Change</b> This market manual has been identified as requiring updates to reflect the Market Renewal Program design.</p> <p><b>Description of Change</b> The process for the IESO to determine whether capacity can be exported to another jurisdiction required updating to reflect the renewed market. Other updates are required to for alignment with MRP, including integration of the term resource. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> Market participants with resources that they intend to bid into neighbouring capacity markets should review the revised process to identify any impact.</p>
Connecting				
Market Manual 0.1.3 – Identity Management Operations Guide MAN-107 2.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> The legacy document was updated as part of Baseline 53.0. Updates are required to the renewed document to reflect the changes made in Baseline 53.0.</p> <p><b>Description of Change</b> Baseline 53.0 removed Appendix C: List of Participations. Edits are made to reflect this update. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> There are no changes to processes or requirements.</p>

Document Title, ID#, Ver.	Intended Audience	Stakeholder History	Cat.	Description of Change
Market Manual 0.1.5 – Market Registration MAN-108 2.0	All	Posted for stakeholder review on March 31, 2025.	2	<p><b>Reason For Change</b> The legacy version of this document was updated as part of Baseline 53.0. Updates are now required to the renewed version to reflect the Baseline 53.0 updates. Some other changes are proposed that have been identified since the renewed version was first published last November.</p> <p><b>Description of Change</b> Baseline 53.0 removed Appendix A: Organization Contact Roles in the legacy market manual. This update to the renewed version of this market manual will reflect this change. Some minor changes to registration processes have been identified since the renewed market manual was published. Specific changes: - Greater clarity to the requirement that market participants be registered within Canada or the United States. - More information on the resource types that should utilize quick-start flags. - Document ids have been updated in the related documents and references documents An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> There are some changes to processes or requirements. Specific changes are made related to registration requirements.</p>
MACD				
Market Manual 0.14.1 – Market Power Mitigation Procedures MAN-126 2.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> A misplaced reference was identified in the renewed market manual.</p> <p><b>Description of Change</b> The misplaced reference is corrected. An explanation of this change can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> There are no changes to processes or requirements due to the limited scope of changes made.</p>

Document Title, ID#, Ver.	Intended Audience	Stakeholder History	Cat.	Description of Change
Market Manual 0.14.2 – Reference Level and Reference Quantity Procedures MAN-127 2.0	All	Posted for stakeholder review on March 31, 2025.	2	<p><b>Reason For Change</b> Some processes related to Market Power Mitigation have been revised from what was initially established.</p> <p><b>Description of Change</b> The timing and methodology of some processes have been updated. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> It is expected that these revisions will require minimal changes to existing processes.</p>
Reference Levels and Reference Quantities Workbook – Thermal A FORM-135 2.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> Required clarifications as part of MRP Baseline - Phase 2.</p> <p><b>Description of Change</b> Clarifications are made related to components used to establish reference levels.</p> <p><b>Description of Impact</b> No impact.</p>
Reference Levels and Reference Quantities Workbook – Thermal B FORM-136 2.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> Required clarifications as part of MRP Baseline - Phase 2.</p> <p><b>Description of Change</b> Clarifications are made related to components used to establish reference levels.</p> <p><b>Description of Impact</b> No impact.</p>
Reference Levels and Reference Quantities Workbook – Thermal C FORM-137 2.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> Required clarifications as part of MRP Baseline - Phase 2.</p> <p><b>Description of Change</b> Clarifications are made related to components used to establish reference levels.</p> <p><b>Description of Impact</b> No impact.</p>

Reference Levels and Reference Quantities Workbook – Thermal D FORM-138 2.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> Required clarifications as part of MRP Baseline - Phase 2.</p> <p><b>Description of Change</b> Clarifications are made related to components used to establish reference levels.</p> <p><b>Description of Impact</b> No impact.</p>
Operations				
Market Manual 0.4.1 – Submission of Dispatch Data in the Physical Markets MAN-109 2.0	All	Posted for stakeholder review on March 31, 2025.	2	<p><b>Reason For Change</b> Changes have been identified during the implementation and end-to-end testing phase of the project to align the market manual with updates that occurred in the legacy manual, to clarify MRP processes and to ensure the process documentation is aligned with tool functionality.</p> <p><b>Description of Change</b> Changes to the submission of dispatch data process have been identified since the renewed market manual was published and include the following: - Changes to align the market manual with updates that occurred in the legacy manual; - Changes to clarify MRP processes; and - Changes to ensure the process documentation is aligned with tool functionality. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> There are some changes to processes or requirements.</p>

Document Title, ID#, Ver.	Intended Audience	Stakeholder History	Cat.	Description of Change
Market Manual 0.4.2 – Operation of the Day-Ahead Market MAN-110 2.0	All	Posted for stakeholder review on March 31, 2025.	2	<p><b>Reason For Change</b> Changes have been identified during the implementation and end-to-end testing phase of the project to correct typographical errors, to clarify MRP processes and to ensure the process documentation is aligned with tool functionality.</p> <p><b>Description of Change</b> Changes to the operation of the day-ahead market have been identified since the renewed market manual was published and include the following: - Changes to correct typographical errors; - Changes to clarify MRP processes; and - Changes to ensure the process documentation is aligned with tool functionality and MRP design. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> There are some changes to processes or requirements.</p>
Market Manual 0.4.3 – Operation of the Real-Time Market MAN-111 2.0	All	Posted for stakeholder review on March 31, 2025.	2	<p><b>Reason For Change</b> Changes have been identified internally during the implementation and end-to-end testing phase of the project to align the market manual with updates that occurred in the legacy manual, to clarify MRP processes, to introduce IESO Board approved values and to ensure the process documentation is aligned with tool functionality.</p> <p><b>Description of Change</b> Changes to the submission of dispatch data process have been identified since the renewed market manual was published and include the following: - Changes to align the market manual with updates that occurred in the legacy manual; - Changes to clarify MRP processes - Changes to introduce IESO Board approved values; and - Changes to ensure the process documentation is aligned with tool functionality. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> There are some changes to processes or requirements.</p>

Document Title, ID#, Ver.	Intended Audience	Stakeholder History	Cat.	Description of Change
Market Manual 0.4.4 – Transmission Rights Auction MAN-112 2.0	All	Posted for stakeholder review on March 31, 2025.	2	<p><b>Reason For Change</b> Further refinements have been identified since the manual was released in the renewed market rules and manuals library.</p> <p><b>Description of Change</b> Deletion of the TR Hourly Zonal Price Report as the information published in this report is redundant with the information included in the DAM Hourly Intertie Energy Price Report. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> There may be a change to processes for market participants who previously relied on information published in the TR Hourly Zonal Price Report.</p>
Participant Technical Reference Manual				
Market Manual 0.6.0 - Participant Technical Reference Manual MAN-165 1.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> Updates are made to the market manual to reflect changes made through MRP and other general required updates to the document.</p> <p><b>Description of Change</b> Through MRP, some tools have been made obsolete, while others have been added. These updates are made in this manual. In addition, reference to the FIT and MicroFIT applications are removed as they no longer exist. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> Limited impact to the changes introduced through these revisions.</p>
Reliability Compliance				

Document Title, ID#, Ver.	Intended Audience	Stakeholder History	Cat.	Description of Change
0.11.3- Reliability Information Catalogue MAN-167 1.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> This Market Manual was not revised throughout the market renewal program but had been identified by IESO staff as requiring updates to reflect the new market design.</p> <p><b>Description of Change</b> Most changes are to cross references to market rules and other market manuals. There are some needed changes to content that reflect the renewed market design. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> This market manual provides an inventory of where reliability related information can be found, so it is expected that changes proposed here would have minimal impact on market participants.</p>
Settlements				
Market Manual 0.5.4 – Prudential Support MAN-115 2.0	All	Posted for stakeholder review on March 31, 2025.	2	<p><b>Reason For Change</b> Additional clarification is provided to the values used to determine prudential support obligations.</p> <p><b>Description of Change</b> Greater specificity is provided to the bases upon which minimum trading limits and default protection amounts are determined for both physical and virtual transactions. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> Some calculations for prudential support may be impacted by this change.</p>
Market Manual 0.5.5 – IESO-Administered Markets Settlement Amounts MAN-116 2.0	All	Posted for stakeholder review on March 31, 2025.	2	<p><b>Reason For Change</b> Updates made to the legacy Market Manual 5.5.</p> <p><b>Description of Change</b> Updates are required as a result of the Interim Market Document Change (IMDC-90) made to implement the Tariff Response Charge for Exports.</p> <p><b>Description of Impact</b> Some market participants who export electricity to the United States may be impacted.</p>

Document Title, ID#, Ver.	Intended Audience	Stakeholder History	Cat.	Description of Change
Market Manual 0.5.6 – Non-Market Settlement Programs MAN-117 2.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> Changes were made to reflect updates made to legacy Market Manual 5.5 in Baseline 52.1 to include the Small Hydro Program.</p> <p><b>Description of Change</b> Changes are made to the Market Manual to account for the Small Hydro Program. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> There are no changes to processes or requirements due to the limited scope of changes made.</p>
Market Manual 0.5.7 – Settlements Process MAN-118 2.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> This revision was identified by stakeholders in the Final Alignment batch of the Market Renewal Program.</p> <p><b>Description of Change</b> The link to the Settlement Schedule and Payment Calendar has been updated in section 2.</p> <p><b>Description of Impact</b> There are no changes to processes or requirements due to the limited scope of changes made.</p>
Renewed – Charge Types and Equations LST-84 2.0	All	Posted for stakeholder review on March 31, 2025.	2	<p><b>Reason For Change</b> Updates made to the legacy Charge Types and Equations.</p> <p><b>Description of Change</b> Updates are required as a result of: - OEB Decision and Order EB-2023-0336 - Alignment with the legacy Charge Types &amp; Equations document and changes that have occurred in recent baselines; and - Interim Market Document Change (IMDC-90) made to implement the Tariff Response Charge for Exports; An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> There are some changes to processes or requirements in these changes.</p>

Document Title, ID#, Ver.	Intended Audience	Stakeholder History	Cat.	Description of Change
Prudential Guarantee FORM-160 1.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> Required clarifications as part of MRP Baseline - Phase 2.</p> <p><b>Description of Change</b> Clarifications related to the applicability of the revised form and clarifications related to the inclusions of both physical transactions and virtual transactions.</p> <p><b>Description of Impact</b> Minimal impact. Clarifications only.</p>
Format Specifications for Settlement Statement Files and Data Files SPEC-365 1.0	All	Posted for stakeholder review April 4, 2025.	1	<p><b>Reason For Change</b> Updating the document in advance of MRP Go-Live.</p> <p><b>Description of Change</b> The document requires updates in several areas to prepare for MRP Go-Live. Some of these changes include; - Updated to the "0 series" of market documents; - Corrected cross references to the renewed market rules and manuals; - Updates to reflect changes to the baseline document; - Updates to certain charge type IDs; and - Corrected typographical errors.</p> <p><b>Description of Impact</b> Most changes are to cross references. Additions of charge types reflect new programs not related to MRP. Minimal impact on market participants as a result.</p>
System Operations				

Document Title, ID#, Ver.	Intended Audience	Stakeholder History	Cat.	Description of Change
Market Manual 0.7.1 – IESO- Controlled Grid Operating Procedures MAN-121 2.0	All	Posted for stakeholder review on March 31, 2025.	2	<p><b>Reason For Change</b> Changes have been identified during the implementation and end-to-end testing phase of the project to clarify MRP processes and to align the market manual with updates that occurred in the legacy manual.</p> <p><b>Description of Change</b> Changes to the operation of the day-ahead market have been identified since the renewed market manual was published and include the following: - Changes to clarify MRP processes; and - Changes to align the market manual with updates that occurred in the legacy manual. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> There may be changes to processes or requirements.</p>
Market Manual 0.7.3 – Outage Management MAN-123 2.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> Changes have been identified internally during the implementation and end-to-end testing phase of the project to correct typographical errors and to align the market manual with updates that occurred in the legacy manual.</p> <p><b>Description of Change</b> Changes to the submission of dispatch data process have been identified since the renewed market manual was published and include the following: - Changes to correct typographical errors; and - Changes to align the market manual with updates that occurred in the legacy manual. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> There are no changes to processes or requirements.</p>

Document Title, ID#, Ver.	Intended Audience	Stakeholder History	Cat.	Description of Change
Market Manual 0.7.6- Glossary of Standard Operating Terms MAN-166 1.0	All	Posted for stakeholder review on March 31, 2025.	1	<p><b>Reason For Change</b> Implementation of the Market Renewal Program.</p> <p><b>Description of Change</b> Two specific changes are required as a result of MRP implementation: - removal of a term from this manual as it was introduced as a defined term in MR Ch.11; and - removal of a reference to the two schedule market which is no longer applicable under MRP. An explanation of these changes can be found in the Summary of Changes.</p> <p><b>Description of Impact</b> As this is a reference document, it is expected that there would be minimal impact on market participants.</p>
