Following the November 20, 2024 engagement webinar, the Independent Electricity System Operator (IESO) is seeking feedback on the items discussed during the webinar. The webinar presentation and recording can be accessed from the engagement web page.

Please submit feedback to engagement@ieso.ca by December 6, 2024. If you wish to provide confidential feedback, please submit as a separate document, marked “Confidential”. Otherwise, to promote transparency, feedback that is not marked “Confidential” will be posted on the engagement webpage.

Topic	Feedback
What feedback do you have regarding the content delivered today?	I like the fact that the meetings are recorded and we can go back and listen to the meetings.
Do you have feedback on the Early Actions identified? Are there considerations for future Early Actions that may be identified throughout the study for the IESO to take into consideration?	If a big percentage of households decide to change from natural gas to electricity to heat their homes, has this been taken into consideration?
What level of detail is appropriate when screening 2050 needs and identifying preferred solutions?	If more electricity is been used will the cost go down?
