General ERP Feedback

Engagement Process

Topic	Feedback
Feedback on the overall engagement process and approach being utilized for this project	Click or tap here to enter text.

DER Participation Model

Topic	Feedback
DER participation Do you currently have resources interested in accessing the wholesale markets today? Please specify the resource type (e.g., storage, combined heat and power, etc.) and the MW capacity.	Click or tap here to enter text.
DER aggregation What would be the general characteristics of the DER aggregations you could form to participate in the wholesale markets? Please specify the size, geographic footprint, and resource composition of the aggregation.	Click or tap here to enter text.

Topic	Feedback
Metering requirements If alternative metering requirements for small contributors to an aggregation allow for the use of utility grade revenue meters, would this benefit your business case?	Click or tap here to enter text.

Data Sharing and Coordination

The following questions are of particular interest to DER Aggregators and Local Distribution Companies (LDCs)

Topic	Feedback
Do you foresee any potential impacts from registering additional relevant distribution equipment with the IESO, solely for situational awareness?	Click or tap here to enter text.
Do you have concerns with authorizing confidential data sharing between the IESO and distributors, if necessary to support system reliability and/or facilitate market participation?	Click or tap here to enter text.
Feedback on proposed data sharing and coordination mechanisms (Slides 27-31)	Click or tap here to enter text.

General Comments/Feedback

CanREA and its members are pleased to see the IESO moving forward with the DER Integration Project within the Enabling Resources Program. CanREA and its members are generally supportive of the DER Integration Project and recommend that the IESO consider accelerating the Project engagement and implementation timelines. CanREA and its members will continue to participate in this engagement and provide feedback throughout the process.
