Subject: Feedback - Gas Phase-Out Impact Assessment

To Independent Electricity Systems Operator,

Please make Ontario a leader in green energy. Continuing with the use of fossil fuels rather than being strategic and forward thinking is a recipe for short term gain for a few interests and long term suffering for all of us as the climate heats up. There are greener and better ways for moving forward. Be a leader of green for all of us in Ontario.

Yours truly,

Vivien Ratcliffe
