

On behalf of the IESO, you are invited to register for the community engagement webinar on the IESO's Long-Term 2 Request for Proposal (LT2-RFP) Window 2, taking place on Wednesday July 8, 2026, at 2:00 p.m.

Municipalities play an essential role in helping Ontario meet its rapidly growing electricity needs. During the webinar designed exclusively for municipalities and Indigenous communities, the IESO will share information to help prepare communities for the LT2-RFP Window 2 procurement process and answer participants' questions. Following the webinar, the IESO will be collecting written feedback up until July 22.

Please note this session is separate from the Long Lead Time RFP (LLT-RFP) webinar which will be hosted on June 24, 2026, also exclusively for municipalities and Indigenous communities.

Date/Time and Registration links:

Wednesday, July 8 from 2 p.m. to 4 p.m. The webinar will be delivered in two parts:

- **2:00 p.m. to 3:00 p.m.:** An overview of the LT2-RFP Window 1 results, and the LT2-RFP Window 2 design
 - [Register here to participate](#)
- **3:00 p.m. to 4:00 p.m.:** Breakout Q&A sessions for municipalities and Indigenous communities
 - [Register here to participate](#) in the municipal breakout session

About the LT2-RFP:

Following the recent announcements of the successful LT2-RFP Window 1 projects for the energy and capacity streams, the IESO is launching the LT2-RFP Window 2 process to continue to seek input from municipalities and Indigenous communities on this next round of procurements.

Please visit the [LT2-RFP webpage](#) for more information or refer to the [Municipal Guide](#) for information on the procurement process, requirements that apply to project developers for a proposed project to be eligible to participate in the procurement, and an overview of the key steps relevant to municipalities when issuing a Municipal Support Confirmation (MSC).

Best,

Community Engagement Team
