What questions do you have related to Ontario's emerging electricity needs? What more do you need to know about the procurement process?	No specific questions at this time.
How can the IESO support municipalities to ensure timelines associated with the procurement process are achieved?	Supportive actions would include effective communications, recognition of municipal capacity, and understanding timelines of the planning process.

<p>What information will municipalities need to support:</p> <ul style="list-style-type: none"> • external inquiries (e.g. from potential proponents) • internal decision making processes (e.g. permitting) <p>What is the best way to deliver this information?</p>	<p>Municipalities have mechanisms to receive such inquiries. All inquiries should follow the directions provided by municipalities.</p>
<p>What are some of the barriers/opportunities that proponents may encounter in gaining municipal support? What are some strategies to foster the opportunities and/or reduce barriers?</p>	<p>There needs to be an understanding of comprehensive planning and timelines. Prior to engagement proponents should review municipal plans.</p>
