<p>What information will municipalities need to support:</p> <ul style="list-style-type: none"> <li>• external inquiries (e.g. from potential proponents)</li> <li>• internal decision making processes (e.g. permitting)</li> </ul> <p>What is the best way to deliver this information?</p>	<p>To support external inquiries, municipalities need general details about projects. To support internal decision-making processes, municipalities need access to technical information if required. The best way to deliver information is email.</p>
<p>What are some of the barriers/opportunities that proponents may encounter in gaining municipal support? What are some strategies to foster the opportunities and/or reduce barriers?</p>	<p>Barriers in gaining support - any real or perceived impacts to neighbouring property. Strategies to foster opportunities - proponents need to discuss with neighbours.</p>

## General Comments/Feedback

All IESO projects should require local municipal approval.
