Following the Long-Term RFP Community Engagement Municipal Breakout Discussion webinar held on April 12, 2022, the Independent Electricity System Operator (IESO) is seeking feedback as outlined during the presentation. A copy of the presentation as well as a recording of the session that includes an overview of the feedback request, can be accessed from the [engagement webpage](#).

Please submit feedback to engagement@ieso.ca by **May 10, 2022.**

Topic	Feedback
What questions do you have related to Ontario's emerging electricity needs? What more do you need to know about the procurement process?	It would be helpful to have some details on the pricing model that is being considered for new projects to compare against what has been offered in past contracts and to assess feasibility of proposed new projects.
How can the IESO support municipalities to ensure timelines associated with the procurement process are achieved?	Click or tap here to enter text.

<p>What information will municipalities need to support:</p> <ul style="list-style-type: none"> • external inquiries (e.g. from potential proponents) • internal decision making processes (e.g. permitting) <p>What is the best way to deliver this information?</p>	<p>Click or tap here to enter text.</p>
<p>What are some of the barriers/opportunities that proponents may encounter in gaining municipal support? What are some strategies to foster the opportunities and/or reduce barriers?</p>	<p>Click or tap here to enter text.</p>

General Comments/Feedback

Thank you for the opportunity to participate in the webinar. I'm interested to know what IESO's plans are to work with existing partners who already have power purchase agreements in place, to optimize and leverage existing infrastructure, in addition to procuring new electricity projects to meet the province's electricity deficit?
