> To promote transparency, feedback submitted will be posted on the engagement webpage unless otherwise requested by the sender.

Following the Long-Term RFP Community Engagement Indigenous Breakout Discussion webinar held on April 12 and 19, 2022, the Independent Electricity System Operator (IESO) is seeking feedback as outlined during the presentation. A copy of the presentation as well as a recording of the session that includes an overview of the feedback request, can be accessed from the engagement webpage.

Please submit feedback to engagement@ieso.ca by **August 5, 2022**. If you wish to provide confidential feedback, please submit as a separate document, marked "Confidential". Otherwise, to promote transparency, feedback that is not marked "Confidential" will be posted on the engagement webpage.

Indigenous Community Feedback Form

Topic	Feedback
What are your thoughts on the proposed Indigenous project participation concepts? Are there any additional considerations?	I think this would be beneficial to the indigenous communities that have no source of back up power or alternative to power

Topic	Feedback
What additional information do communities require to effectively participate in the LT1 RFP?	**We would definitely need the logistics in more easier to understand and translate terms**

Topic	Feedback
Should Indigenous communities that are located near projects be provided with certain levels of Indigenous participation incentives versus communities that are not located near projects? If so, how should the Indigenous participation mechanisms distinguish between local and non-local communities?	I think that full cooperation and participation from the communities would give the communities a better understanding and gain entry into the workforce for this matter

General Comments/Feedback

This is something that is long time coming but it will be a win win situation for both parties if done correctly.
