Long-Term 2 RFP – November 21, 2024

Feedback Provided by:

Name: Nicola Vaughan

Title: Strategist – Government Relations and Policy

Organization: Innergex Renewable Energy

Email: [REDACTED]

Date: December 6, 2024

Following the LT2 RFP November 21, 2024, engagement webinar, the Independent Electricity System Operator (IESO) is seeking feedback from stakeholders on the items discussed. The presentation and recording can be accessed from the [LT RFP engagement web page](#).

To promote transparency, feedback submitted will be posted on the Long-Term RFP engagement page unless otherwise requested by the sender. If you wish to provide confidential feedback, please mark "Yes" below:

- Yes – there is confidential information, do not post**
- No – comfortable to publish to the IESO web page**

Please submit feedback to engagement@ieso.ca by December 6, 2024.

Agricultural Impact Assessment Process

IESO Presentation	Feedback
Do you have any comments for the IESO to consider regarding the timing of the AIA requirement in the LT2 RFP and LT2 Contract	No comment
OMAFPA Presentation	Feedback
Are there any specific aspects outlined in the session that you would like further clarification on?	We would like further clarity on cases where there is a difference between the Lower and Upper Tier Municipal definitions of PAA boundaries. How is a decision made on whether a project is within a PAA or not? For example, if a Lower Tier Municipality advises that a project is not within a PAA but the Upper Tier says it is (or vice versa).
Is there any additional information related to agricultural considerations that would be helpful?	

General Comments/Feedback

Thank you for the work by IESO and OMAFA to clarify and provide details on agricultural lands. We would also note that a Municipality may wish to rezone an area to remove it from PAA and it should be at their discretion to do so. To enable this in the LT2 timeline, rezoning should not be required to be completed by the proposal submission due date – a commitment from the Municipality on their intention to do so if the project secures a PPA should be sufficient. This respects Municipal authority over the lands in their jurisdiction.
