The Independent Electricity System Operator (IESO) is seeking feedback from participants on the proposed revisions captured in version 2 of the draft Long-Term Request for Qualifications (LT1 RFQ). The LT 1 RFQ will seek to ensure that interested parties have sufficient financial capacity and experience to undertake project development for the LT1 RFP.

The draft LT1 RFQ can be found on the [Long-Term RFP webpage](#).

**Please provide feedback by May 2, 2022 to [engagement@ieso.ca](mailto:engagement@ieso.ca).**

Please use subject header: *Draft Long-Term 1 RFQ*. To promote transparency, this feedback will be posted on the [Long-Term RFP webpage](#) unless otherwise requested by the sender.

The IESO will work to consider and incorporate comments as appropriate and post responses on the webpage.

Thank you for your contribution.

### General Comments/Feedback:

Enfinite would like to gain a better understanding of how the IESO intends to support those who qualify for the expedited process in meeting timelines imposed by the IESO in meeting requirements that may exceed the timeline. Please provide further information on how applicants can commit to accelerated timelines if requirements, such as environmental assessments and permitting, may have a longer approval process that could obstruct the applicant from successfully meeting the in-service date.
